INVITATION

Invitation to an IFA Leded Training of the IFA Fistball Academy in the framework of the IFA 2019 Fistball Men's World Championship in Winterthur, Switzerland

To Teams who will participate in the IFA 2019 Fistball Men's World Championships

Within the framework of the upcoming IFA Fistball 2019 Men's World Championship we want to implement some additional interesting events by the new format **Fistball Academy**.

The Fistball Academy is the new platform and format to promote knowledge exchange, learning and the flow of information and communication for all member federations. An essential activity of the Fistball Academy is the development of sustainable and forward-looking concepts concerning the promotion and dissemination of Fistball.

In this context – in addition to a theoretical knowledge and information exchange – also practical learning and training measures will be provided. As one of the additional events the Fistball Academy provides the service of experienced IFA-coaches who will support your training in preparation for the World Championship.

At the proposed training day on Saturday, 10 August, at the IFA Men's World Championship this service will be provided – especially meant for less experienced nations and federations under development. Therefore we invite all interested federations to participate in the
