### **Rules of the game:**

In the spirit of Fistball, the game will be played without a referee. In addition to the IFA Rules of Fistball dated April 1, 2020, the following changes apply:

The game is played with 2 players per team without substitutes. Two touches of the ball by a player, which do not immediately follow each other, are therefore permitted.

The entire field with run-out measures 30m x 15m and is divided into two halves by a 1.80m high line. In the center is the playing field, which measures 10m x 3m and is divided into two by a line in the middle. During the move the ball is allowed to bounce within the complete own half i.e. the ball is allowed to bounce in the run-out area before the second and third touch. During a rollover, the ball must bounce in the opponent's half of the playing field, i.e. when hitting the ball back over the line, the ball must be placed directly into the opponent's playing field.

Block and block attempt is not allowed.

After a fault, the serve goes to the team that scored the point. The serve takes place behind the own half of the court, the back line serves as the line of attack i.e. 5 m from the line.

The serve must not be returned directly above the edge of the net.

The game ball weighs 230g and is 55cm in circumference.

**Award ceremony:** on the center court, winners receive a star as a trophy

**Overnight stay:** In principle, each participant must provide for his own overnight stay. The organizers will check whether at the time of the event an overnight stay in a tent on the event site is possible under the then applicable Corona conditions. This will be communicated one week before the event.

**Entrance fee:** Admission to the event site is free for participants.
